

MAD Dress Code – Co-Created Criteria

- Gender neutral language to be adopted for the dress code.
- Students will not be allowed to wear anything that promotes or symbolizes drugs, alcohol, illegal activity, hate or discrimination, profanity, pornography; that suggests violence or harassment; or threatens health and safety.
- A top and bottom layer of clothing made of opaque material must be worn.
- Tops that expose arms, shoulders, stomachs, midriff, neck lines, and straps are allowed but the nipples must be covered.
- Bottoms that expose legs, thighs, hips and that expose straps and waistbands will be allowed. The groin and buttocks must be covered.
- Headwear and head coverings such as ball caps and head scarves are allowed but the face must be visible.
- Dress or headwear required for religious reasons will be allowed.
- Undergarments must not be worn as outerwear.

For MAD activities, the students agreed a uniform would be helpful. Many times, students are required to participate in physical activities that require a wide range of movements, and, like a gym strip, students can change as required for MAD activities.
